

ER 0-5319

15 July 1957

Honorable Irving M. Ives
United States Senate
Washington 25, D. C.

Dear Senator Ives:

Regarding your interest in the case of [redacted]
[redacted] the status of this matter is as follows:

[redacted] has been employed by this Agency as a radio operator. As a result of recent examinations by our Medical Staff, it was found that he was unqualified for employment with the Agency and he was advised to retire on medical disability grounds. [redacted] declined to retire voluntarily, and has consistently maintained that he is fit for continuing employment with the Agency. This case has been personally reviewed by the Director of Central Intelligence, Mr. Dulles, who has talked to [redacted] and urged that he accept the arrangements made for his retirement. In the absence of such acceptance, however, we have been forced to act, and the retirement papers for [redacted] have been initiated and are now being processed through the Civil Service Commission.

We feel that the decision made in [redacted] case is fair and equitable, and in the best interests of both [redacted] and the Government. If you desire further facts on the case, we will be happy to furnish them.

Sincerely,

IG/LC/NSPaul:fm
